

a. **TWO devices** will be required per child - one for displaying the question paper that will be emailed just before the examination and the second for proctoring/monitoring the examination.

b. **For twins there are 3 options :**

i) **take two prints of the question paper as soon as the email reaches (if you have a printer in your home office setup)**

ii) **Keep a laptop in front of the twins to share and read the question paper while the second device does the** proctoring/monitoring.

iii) **use 3 devices** - ONE for proctoring/monitoring, one for each child to read questions from emailed question paper.

c. **Siblings studying in different classes** will have staggered timings for exams and so they will manage with 2 devices.
