

As we know, thousands have lost their property and belongings and many are homeless and distressed in North Bengal on account of the devastating floods.

We are on a collection drive for the children there and will be depositing goods to an organization which will help us reach them to the flood-hit areas.

These children need School stationery like exercise-books, pens, pencils, erasers, rulers, pencil-boxes, geometry-boxes and school-bags, so that they can go back to School.

Parents are requested to help the children donate generously towards this cause and submit all their donations by the 8th of November '25.
